History

The OBMG was formed in 1994 by 6 Maritime College graduates who wanted to help improve the education possibilities for African American and minority students at SUNY Maritime College. This is accomplished by providing scholarship opportunities, financial assistance, mentoring, networking and an education on the history and rich legacy of Blacks and Minorities in the maritime industry.

The OBMG's role has been expanded to now include community outreach, recruitment, special events and educational partnerships designed to increase minority participation in the maritime industry both ashore and afloat.

Mission Statement

“To assist and encourage by educating and increasing public awareness regarding minority involvement in the maritime industry through recruitment, mentoring, scholarships, and fundraising.”

Donate

The OBMG is a non-profit 501(C)(3) organization. All donations are tax deductible and go entirely to the scholarships as the members absorb all administrative costs. Each and every donation has a direct impact on the future of deserving students.

Scholarships

Since its inception the OBMG has awarded over 130 scholarships. The scholarships are awarded based on academic achievement as well as financial need. Leadership abilities, social consciousness, and work ethic all play an important role in the process of deciding who receives an award.

The scholarship awards are given each year at a Black History Month Dinner hosted by SUNY Maritime College on the last Thursday in February. This has long been a forum for inspiring and motivational Guest Speakers as well as lively entertainment.
